INVENTOR: Marianna Oreshkin

ATTORNEY: Ron Grant (USPTO# 59260, Customer #39957)

APPLICATION #: 10/724490

Dear Commissioner for Patents, Missing Parts

Please find enclosed Ms. Oreshkin's corrected application papers.

On 7/8/2004, the Mail Stop for Missing Parts issued a Notice to File Corrected Application Papers which required, in compliance with 37 CFR 1.121, a replacement abstract commencing on a separate sheet.

With this response, the request is satisfied. Submitted is:

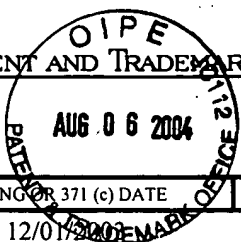

- 1) Replacement abstract commencing on a separate sheet.
 - a) In Examiner's letter of 7/8/2004, examiner cites CFR 1.121 as the controlling rule for reformatting the Abstract in this instance. CFR 1.121(b) states that amendment may be by substitute specification. The text of CFR 1.121(3) states: (3) Amendment by substitute specification. The specification, other than the claims, may also be amended by submitting: (i) An instruction to replace the specification; and (ii) A substitute specification in compliance with §§ 1.125(b) and (c).
 - b) To provide clear and unambiguous instruction per 1.121(3)(i): Replace the specification originally submitted with the specification submitted with this response, as allowed by CFR 1.121(3).
- 2) Enclosed is:
 - a) A clean copy of the specification, per 1.125(b);
 - b) A copy of the specification to be replaced, per 1.125(c). This copy has markings showing the reformatting. To provide clear unambiguous direction, the previous page 12 with the abstract text is presented in strikethrough font, per 1.125(c). Reformatted text is underlined on the following page. The marked page 12 shows claim text, but no claim text is changed;
- 3) The text of the reformatted, resubmitted Specification is the same, and no content in the text has changed.

Sincerely,

Ron Grant, Attorney for Inventor
